About Islam

Islam Literally means peace and submission to the will of God. Islam is the same truth that God revealed through all His prophets and messengers to every people throughout history. Numerous presentations during this convention will expound the teachings and history of Islam.

Prayers and Supplication

The Convention is an occasion of supplications for the betterment of humanity, which is facing many dangers—physical as well as spiritual, to pray for our personal needs, for all people, and for the guidance of all nations.

Love and Brotherhood

The convention is a means of mutual introduction, a means of enhancing mutual love, in a community whose members are bound together by an unbreakable chain of brotherhood, love and selflessness.

Religious Knowledge

The Convention is a means of increasing the knowledge of the participants through the learned discourses they listen to, a means to derive religious benefits and a means to further progress in spiritual knowledge.
